

TALKING ON TARIFF
WITH NO RESULTS.SESSIONS OF THE SENATE ARE
INTERESTING.

Senator Hill's Eulogy of the President the Theme of Much Comment—Others Refuse To Take His View of the Letter to Congressman Wilson.

WASHINGTON, July 21.—Crowds such as had not thronged the senate in months packed the galleries yesterday. Senator Smith of New Jersey opened the fight with an attack on the President for interfering, as he said, with legislation and a vigorous defense of the senate bill. Senator Hill followed him in a speech devoted principally to a plan for free raw materials in keeping with democratic campaign promises.

Senator Voorhees arose and called up the conference report on the tariff bill. Without a word of explanation he yielded the floor to Senator Smith of New Jersey, who read his carefully prepared speech. He criticized the President for "violating" the principles of his party in attempting to interfere with the prerogatives of the legislative branch of the government, and proceeded to deliver a glowing eulogy of the tariff bill as it passed the senate. He asserted that the framers of the house bill and a large proportion of the democratic party were not tariff reformers; they were free traders.

Senator Hill followed Mr. Smith. The senator's speech was mainly a eulogy of the President for his action in directing his letter to Mr. Wilson. He went on: "The theory of the democratic party is that in the enactment of the tariff legislation free raw materials should always be an essential and conspicuous element. It is our creed that the materials which enter into our manufacturers should be freed from the burden of taxation. The best interests of the manufacturers as well as the consumers of the land demand the recognition of this wise discrimination. We are committed to this side of the question, and we can not retreat. We are honorably bound to redeem our professions and our promises. Justice, good faith and a decent regard for public sentiment all require this course."

He concluded as follows: "The house of representatives, fresh from the people, which represents more distinctly and peculiarly than we do the taxing power of the people, repudiates our bill, and a democratic President has emphasized that repudiation, and the condition which confronts us is one of extreme embarrassment. Shall we retreat or advance? Shall we surrender to the house while we do so honorably or shall we wait until we are driven to it?"

"In the light of the letter of the President, the house can not honorably retreat. It has no other alternative except to insist upon its bill, wherein it provides for free raw materials. The President cannot approve the senate bill after what he has said in this remarkable letter. He arraigns the senate and intimates that the enactment of the senate bill means 'party perfidy and party dishonor.' These are strong words which the President of the United States would not use toward a measure which he ever expected afterward to approve."

"I respectfully differ with the President in his assumption that a tax upon sugar is necessary at this time, conceding that an income tax is to be retained. Clearly both are not needed for any legitimate purposes of the treasury. The President speaks of the 'democratic principle and policy which lead to the taxation of sugar.' He asserts that in the taxation of sugar 'we are in no danger of running counter to democratic principle.'"

"I desire only to suggest that if it was desirable that sugar should be taxed 'as a legitimate and logical article of revenue taxation,' as he now says, it seems strange that the President did not in his last annual message make some intimation, suggestion or recommendation to that effect. He endorsed the Wilson bill explicitly in his message, although it provided substantially for free raw sugar. He permitted the house to pass that measure without a word of protest, suggestion or advice that there should be a tax upon sugar, which has come to be largely regarded as one of the necessities of life."

"Under the existing circumstances—with an income tax retained in this bill—I voted for free sugar before, and I shall do so again. In my judgment the house can not now honorably retreat from its position in favor of free sugar. The President's suggestion came too late. The senate must recede from its amendments."

Senator Vest took the floor when Senator Hill sat down. He differed in many vital respects from the suggestions made by the President.

Where did the President get the right, he asked, to dictate to congress, to denounce one branch of congress to the other? Did he employ in his single being all the democracy, all the tariff reform sentiment in this country? Mr. Cleveland was a big man. But the democratic party was greater than any one man.

"I give it as my opinion," he declared, "that we will pass this bill, or no bill."

Mr. Gray moved that the senate insist upon its amendments and consent to further conference. He did not

think it was necessary to retreat on account of the determined attitude of the house or threats from any quarter. He commended the wisdom which overcame the difficulties which stood in the way of passing the bill.

At the conclusion of Mr. Gray's speech Mr. Vilas offered as a substitute for Mr. Hill's motion a motion to instruct the senate conferees to recede from so much of the senate sugar amendment as provided for a duty of one-eighth of a cent a pound on refined sugar in addition to the 40 per cent ad valorem on all sugars.

Mr. Caffery said the producers of Louisiana were also manufacturers of centrifugal sugars, with which those of the trust competed, and they were entitled to the ½ cent differential. If the ½ cent differential on refined sugar was stricken out, he declared in conclusion, he would not vote for the bill.

Mr. Sherman declared that a flat ad valorem duty of 40 per cent was sufficient to protect the sugar producers of Louisiana.

Mr. Palmer proclaimed that he was in favor of free raw materials and announced that he would oppose the one-eighth differential to the sugar trust.

Mr. Blanchard charged bad faith on the part of some of the democratic senators. He said it was time to be plain spoken. The Louisiana representatives expected that the caucus agreement would be carried out to the letter.

Mr. Cockrell moved that when the senate adjourned it be to meet Monday next. The motion was carried, 30 to 23, Messrs. Hill and Irby voting with the republicans against the motion.

SALUTED THE FLAG.

Interesting Feature of the Baptist Young People's Convention.

TORONTO, Ont., July 21.—The delegates to the fourth international convention of the Baptist Young People's Union of America were up and around with the break of day, and the 6 o'clock prayer meeting at the Massey hall, led by Rev. F. M. Goodchild, of Philadelphia, was largely attended.

The most interesting feature of the session occurred yesterday—the salutation of minute guns by representatives of the state and provincial unions. Thirty such organizations responded and the proceedings, which lasted for one hour, were inspiring in the extreme and created great enthusiasm. Many of the most prominent persons in the union followed with interesting addresses.

The election of officers resulted as follows: President, John H. Chapman, Chicago; vice-presidents, Frank Harney Field, New York; J. N. Shennstone, Toronto; the Rev. George Braxton, Taylor, Ga.; recording secretary, A. M. Brinckle, Philadelphia; treasurer, Frank Moody, Milwaukee. The banner for the sacred literature course went to the maritime provinces of Canada. The missionary discourse banner fell to Michigan, and most appropriately.

At the night's meeting the effort to raise funds to get the union out of debt was continued. It was announced that \$3,000 had been subscribed during the day's sessions, and that amount was increased by \$5,500 at last night's meeting. While the place of holding next year's convention has not been formally announced it appears to be generally understood that Baltimore will get it.

TRAGEDY AT RACINE.

Capt. John Crangle Shoots His Wife and Then Kills Himself.

RACINE, Wis., July 21.—Capt. John Crangle, one of the best known navigators of the chain of lakes, yesterday shot his wife and then killed himself at his home on North Michigan street. The exact cause of the tragedy is not known, although Mrs. Crangle, who is very weak said to the physicians that no words passed between them and that her husband assaulted her as she came into the house from a neighboring store. Mrs. Crangle's injuries consist of two bullet wounds, one in the head and another in the back, and while they are serious the physicians hope for her recovery. Crangle inflicted on himself but one wound, in the right temple.

SOLDIERS USE RIFLES.

Crowd from South End, Ok., Clashes with United States Troops.

WICHITA, Kan., July 21.—A clash and interchange of shots occurred between United States soldiers guarding Rock Island railroad property and a body of men from South End, Ok., near that town, early yesterday morning. The Enid men attempted to surprise the troops who were guarding a railway bridge. They were discovered, however, and in the melee which followed Corporal Gleaves was seriously wounded by a bullet in the left side. The firing brought up a detachment of soldiers, who dispersed the mob and arrested several rioters. The excitement is unabated. Acting Governor Lowe of Oklahoma, who is on the scene, has served restraining orders on 150 citizens of South End from participating in mobs or discussing the situation publicly.

An Aged Couple Shot Down.

SENECA, Mo., July 21.—C. L. Moore and his wife, an aged couple living near Tiff City, Mo., have been found dead in their house, both having been shot through the head. There is no clue to the murderers but the object must have been robbery, as Mr. Moore was quite well-to-do and at times had considerable money in the home.

ONE INDIANA TOWN
HAS A \$25,000 FIREBUSINESS PORTION OF CON-
VERSE DESTROYED TO-DAY.

Brewery in Boscobel Wiped Out by Flames, Causing a Loss of \$12,000. Business House in Birmingham, Ala., Left in Ashes—A Stock Barn Burned.

CONVERSE, Ind., July 21.—The business portion of this city burned this morning. The loss is about twenty-five thousand dollars.

BIRMINGHAM, Ala., July 21.—The immense four-story structure opposite the Caldwell hotel is a mass of flames. Stover's Furniture company and the Perry Mason Shoe company establishments were destroyed. Total losses will reach at least \$600,000. The Caldwell hotel, the handsomest building in the city, five stories and supposed to be fireproof, is also totally destroyed. It was valued with furnishings at \$350,000, insurance \$175,000.

BOSCobel, Wis., July 21.—The Muscoda brewery burned last night. Loss, \$12,000; origin of fire unknown; partly covered by insurance. A large barn, containing a number of valuable horses belonging to Dwight Parker at Fennimore, burned to the ground last night. Partly insured. Loss, \$5,000.

KOKOMO, Ind., July 21.—The stock barn of M. C. Floyd near here burned last night. Many fine animals perished and \$2,000 worth of grain was destroyed.

EFFECT IS SLOW TO WEAR OFF.

Influence on Strikes Still Noticed in Business.

NEW YORK, July 21.—R. G. Dun & Co.'s weekly review of trade says:

The effects of the two great strikes have not yet entirely worn off, and meanwhile disagreement between the two houses of congress has made tariff uncertainties more distinct and impressive.

It follows that the customary tests of the condition of business are less instructive than usual. The financial situation is somewhat less favorable, because the exports of gold have been resumed and are \$3,300,000 for the week, but the treasury receipts have been \$2,046,391 for customs, against \$2,951,574 last year, and \$7,174,553 internal revenue, against \$2,959,518 last year. Wheat has been skating on thin ice, with a chance of breaking through and making the lowest record ever known, and has declined 3 cents during the week. With railroads generally blocked in the wheat delivering districts, it is a satisfactory indication that the western receipts are about two-thirds of last year's, 2,271,514 bushels, against 3,028,379 a year ago, while the exports from Atlantic ports are insignificant, only 672,402 bushels, against 2,868,627 last year. The enormous, visible supplies have less actual weight in the market than the prevalent conviction that government estimates of the yield are widely erroneous. Corn has advanced a shade with no satisfactory reason, for the prospect is excellent for a large yield. A great speculation in oats has begun to liquidate, with the customary losses to the wise men who knew all about it.

Cotton has declined a fraction and all indications still point to a material increase of yield. Behind all other embarrassments there is a remarkable narrowness of demand for finished products. In steel rails the official statement shows deliveries of only 340,900 tons for the first half of 1894, against 571,864 tons for the first half of last year. The most hopeful sign noted this week is that failures continue comparatively few and not very important. The aggregate of liabilities for the twelve days ending July 12 was \$2,630,306, of which \$1,009,821 was of manufacturing and \$1,448,204 of trading concerns, which is decidedly below the average for the last half year. The failures this week have been 236 in the United States, against 467 last year, and forty-four in Canada, against twenty-five last year.

One Killed and Many Are Injured.

OAKLAND CITY, Ind., July 21.—A special excursion on the Louisville, Evansville & St. Louis railroad from Albion, Ill., to Marengo, Ind., was wrecked fourteen miles east of here yesterday morning. The wreck was caused by the breaking of the engine trucks. The baggage car was turned over and burst into splinters. One man was killed and five injured. The excursionists were all members of the church congregations of Albion, Ill., and were on the annual picnic excursion.

NO JURY IN FRANCE
FOR ANARCHISTS.NEW LAW BEARS DOWN ON
"THE REDS."

Hereafter Judges Will Pass Upon All Cases When the Ishmaelites Are Concerned—Paris Placarded with Protests and Demands for a Sweeping Social Revolution

PARIS, July 21.—The chamber of deputies adopted the anarchist bill today. It provides for a trial by judges instead of by juries. Placards declaring that laws against liberty have been passed and that bloodshed and a sweeping social revolution is the only remedy.

One Hundred Drowned.

BERLIN, July 21.—The Vossische Zeitung says that a steamer has been sunk off Sterlitamak, province of Oufa, Russia, and that 100 persons were drowned.

MINERS AGREE TO ARBITRATE

Indiana Strikers Adopt Peaceable Means—Troops to Remain in Hammond.

TERRE HAUTE, Ind., July 21.—The executive committee of the miners' state organization and the executive committee of the operators' association met yesterday to consider wages. It was decided that President Talley of the operators and Purcell, the new president of the miners' organization, should act as a board of arbitration to settle disputes and grievances. In the event that the board can not settle the grievance it shall have the right to appeal to the state board of arbitration, which shall consist of the executive board of operators and the executive board of miners of the state, unless the two parties in the case agree to leave the matter of grievance to a third person, to be selected by both presidents, whose action shall be final, and work shall be continued until grievances are settled.

PRINCETON, Ill., July 21.—S. M. Dalzell, general manager of the Spring Valley Coal company, has solicited Sheriff Cox to deputize the employees of the coal company, as he believes the property to be in danger. A vigilance committee of 100 businessmen has been organized and armed.

MASCOUTAH, Ill., July 21.—The coal miners of St. Clair county, numbering 2,000 men, are out of work. A meeting of the Southern Illinois district, comprising all territory south of Springfield, will be held at East St. Louis to-day and the men will remain idle until after the convention.

IRONTON, Ohio, July 21.—The Pirung miners of Vesuvius, Ohio, are again on a strike. They have many grievances.

CLEVELAND, Ohio, July 21.—Coal shippers here have advised that the Hocking Valley miners will go on a strike next week. A difference regarding the scale of wages for machine mining is the cause of the coming outbreak.

WABASH ENGINEERS "HUNG UP."

Strikers' Places Filled by Brotherhood Men.

TOLEDO, Ohio, July 21.—Since the Wabash resumed traffic after the strike some 700 engine men, of whom 400 are engineers, largely brotherhood men, and 300 firemen, have never been called on to report for duty, while their engines are run by new men. The brotherhood men say that of the new men a number are brotherhood men, and that for the latter to displace them is contrary to the laws of the organization.

CLEVELAND, Ohio, July 21.—Chief Arthur said in reference to the Wabash engineers being "hung up": "The engineers on the Wabash struck out of sympathy for the American Railway Union, without the sanction and in clear violation of the laws of the Brotherhood of Locomotive Engineers. As I have repeatedly stated of late under these conditions any member of our order has the full right to take a place vacated by a striking engineer."

Switchmen's Association Dissolves.

CHICAGO, July 21.—The Switchmen's Mutual Aid association of North America is dead and the 36,000 switchmen of the United States are entirely without a class organization. Many of them are members of the American Railway Union and the Knights of Labor, but as a distinct branch of railway service they are without a separate organization. The effect on the present strike, it is believed by many, will be beneficial. The officials of the Switchmen's association were not friendly to the strike and efforts were constantly being made by the railroads, so it is said, to make it appear to loyal members of the organization that they could go back to work without being untrue to union principles.

Disturbance at Pullman.

PULLMAN, Ill., July 21.—Yesterday morning the laundry department of the Pullman works resumed operations. Twenty girls and ten men, all old employees, returned to work. When they left to go home at 4 p. m., fully 1,000 of the Pullman population, chiefly women and children, had gathered in the vicinity of the laundry apparently determined to mob them. However, before they were permitted to leave the building a squad of ten police officers from Kensington came up in a patrol wagon to guard them on their

way. The strikers in other departments are firm in their determination not to go to work.

Troops Will Remain at Hammond. INDIANAPOLIS, Ind., July 21.—Gov. Matthews is satisfied that the Indiana troops can not be withdrawn from Hammond for some time. He says the people of Hammond are not at all friendly to the soldiers and the strikers openly boast that they will make trouble as soon as the troops go home.

WHITING, Ind., July 21.—While a stock train was standing on the Lake Shore tracks a little east of the Lake Shore station late last night some one slipped between the cars and cut the hose connecting the air brakes. Extra guards of militiamen have been put on duty and no more trouble is expected.

Miners at Peru Threatened. PERU, Ill., July 21.—Some miners are at work here in the Cahill shaft. No violence was used, but threats were common.

A mass meeting of the miners of this city, LaSalle, Spring Valley, Oglesby, Ladd and Seaton met in the city park yesterday. The meeting resolved to continue the strike and not to allow the men to work in the Cahill shaft. A force of regular and extra police, together with a company of fifty deputies armed with repeating rifles, and 300 citizens are pledged to protect the men who want to work.

Debs' Telegrams in Evidence.

MILWAUKEE, Wis., July 21.—The Western Union Telegraph company had to produce in court the telegrams that passed between Debs and the strike leaders who are under arrest in this city. They were identical with the telegrams produced in Chicago. They proved nothing against the men on trial.

INDIANAPOLIS, Ind., July 21.—George Scholtz, president of the Terre Haute American Railway Union, was before Judge Baker yesterday for contempt of court in disregarding the restraining order. He was bound over to the September term of court.

Colorado Miners Surrender.

DURANGO, Colo., July 21.—The coal-miners have returned to work, after being informed by the companies that their requests to stop selling coal to the railroad company would not be granted under the circumstances.

KNOXVILLE, Tenn., July 21.—The miners of the Jellico district returned to work to-day in accordance with an agreement reached at a conference held with the operators on Monday last. The men had been out since May 1.

Quarterly Dividend of Two Per Cent. CHICAGO, July 21.—The Pullman palace car company yesterday made the following announcement:

"A quarterly dividend of \$2 per share from net earnings was declared this day, payable on and after Aug. 15 to stockholders of record at close of business Aug. 1, 1894. By order of the board of directors."

"A. F. WEINSEHMER." This dividend amounts to \$600,000, being 2 per cent on the capital stock of \$30,000,000.

Situation at Union Stock Yards.

CHICAGO, July 21.—The situation in packingtown has settled into a fight between the butchers and packers. The houses are supplied with armies of unskilled help, but the men who do the work and draw the biggest wages are out and confidently expect to win their fight. There is a strong force of police and militia still on duty at the stock yards, but the only lawlessness is caused by hoodlums who have no connection with the strikers.

No Work for Railway Union Men.

St. LOUIS, Mo., July 21.—The Missouri Pacific railroad is said to have established a blacklist against A. R. U. men. It is probable a civil action for damages will be brought against the railroad. If the statutes warrant it a warrant will be sworn out against Superintendent Jones for blacklisting or discriminating against a man because of his connection with a labor organization.

Claim the Strike Is Still On.

EMPORIA, Kan., July 21.—Dodgers are scattered all over this city warning honest men that the strike is not yet over, inasmuch as 250 strikers at this place have not returned to work and that newspaper reports to the contrary are unworthy, as the papers invariably work in the interests of the corporations. However, the railway company is transacting all business offered.

Practically Under Martial Law.

IRONWOOD, Mich., July 21.—Ironwood was not placed under martial law yesterday as was rumored would be done. Fifteen strikers are under arrest for molesting men at work. Squads of blue coats are searching out and arresting union men who have been assaulting working miners. Mine property is under guard night and day.

Negotiating to End the Strike.

SAN FRANCISCO, Cal., July 21.—It is prophesied on all sides that the Southern Pacific strike is to be settled by Monday. The strikers are no longer offering resistance and the number of guards going out on trains has been greatly reduced. The postoffice department has withdrawn its coast mails from the steamships and has fully restored its service on the railroads.

TO-DAY.

Prince of Wales Cutter Left Behind in the Tenth Race of the Series—Ninth Fell to the English Boat by One Minute and Fifty Seven Seconds.

LONDON, July 21.—The Vigilant won today making a very excellent showing. This was her tenth race. The ninth of the races between the Prince of Wales' yacht Britannia and George Gould's Vigilant was won by the former, as had been seven of the preceding contests. The finish of the Britannia was 1 minute and 57 seconds better than that of the Vigilant.

LABOR MEN SPEAK

Illinois State Federation Places Itself on Record.

CHICAGO, July 21.—An enthusiastic mass meeting was held here last night, called by the Illinois State Federation of Labor, to protest against the imprisonment of President Debs of the American Railway Union. A resolution was adopted denouncing the action of the courts in the case and expressing sympathy for the imprisoned men. A letter was also dispatched to President Cleveland protesting against the proceedings which were being carried on with the sanction of the federal government. Four thousand men were present. A suggestion for the nomination of Gov. Waite of Colorado for President of the United States on the populist ticket was received with much favor. There were no disturbances.

Arkansas Populists Nominate.

LITTLE ROCK, Ark., July 21.—The state populist convention concluded its work late yesterday and adjourned. The platform reaffirms the Omaha platform, especially the plank for free and unlimited coinage of silver at the ratio of 16 to 1, without waiting for the co-operation of other governments; denounces the purchasing clause of the silver act; commands to the people for their consideration the principles of the initiative and referendum and an imperative mandate as an effective means of preventing corrupt legislation and plundering the liberties of the people. The ticket nominated is as follows: Governor, D. E. Barber; secretary of state, H. M. Bean; auditor, A. J. Nichols; attorney-general, J. A. Meeks; land commissioner, O. S. Jones; commissioner of agriculture, S. H. Nowlin; superintendent of public instruction, J. P. Carnahan.

Talmage to Stay in Brooklyn.

NEW YORK, July 21.—Brooklyn got some Talmage news by way of Honolulu yesterday. Dr. Talmage says: "At one time I had made up my mind to sever my connection with the tabernacle. I had been there twenty-five years, and that seemed to be long enough for a man to stay in one place. However, I have now decided to remain there indefinitely, and will resume my labors on my return next fall."

Tarsney Gets Angry.

DENVER, Colo., July 21.—Adjt.-Gen. Tarsney, in a sharp letter to Judge Campbell of Colorado Springs, declined to appear before the grand jury there and testify in regard to the tarring and feathering to which he was subjected in that city.

Hanged From a Water Tank.

WOODVILLE, Texas, July 21.—A mob of thirty armed men overpowered the jailer here, went to the cell where William Griffith was confined and took him out, hanged him to a water tank and shot him. About a week ago Griffith assaulted a little girl.

Northern Pacific Shipping Freight.

TACOMA, Wash., July 21.—The Northern Pacific has shipped 560 cars of freight from Tacoma eastward since Monday. Orders are on file for 1,100 empties on this division, but they can not be supplied until delayed cars arrive from the east and are unloaded.

Hanged Pardee in Effigy.

OAKLAND, Cal., July 21.—Mayor Pardee who issued a riot proclamation for the city of Oakland on Wednesday in view of the railroad disturbances, was hanged in effigy by strikers to an electric wire about midnight.

Asks Them to Handle Pullman Cars.

SUPERIOR, Wis., July 21.—The Eastern Minnesota railroad has given notice to employees that hereafter they will be expected to handle the cars of all roads regardless of boycott. A strike has not yet been ordered.

Goehler Breaks the Five-Mile Record.

JAMESTOWN, N. Y., July 21.—At the Y. M. C. A. bicycle meeting yesterday A. B. Goehler of Buffalo beat the American five-mile record, winning the race in 12:31.

Troops to Stay at Fort Sheridan.

WASHINGTON, July 21.—The President will not change the orders by which the troops have been withdrawn from Chicago and sent to Fort Sheridan, notwithstanding the request of business men and others that they be kept in the city of Chicago. The withdrawal of the troops will be deferred only should it appear that there are indications of a renewal of the rioting.

GOING BACK HOME BY SHIP LOADS.

LOCAL TICKET SALES FOR ATLANTIC LINES.

Reduction in Steerage Rates Inducing Many To Return to Europe in Search of Work—Hegira Will Deplete the Labor Market and Benefit Those Who Stay.

This is the biggest summer Janesville steamship agents have had in a long time. Most of the tickets sold are steerage, but the sales are unusually numerous. Boats running to German and Swedish ports are especially well patronized. For one thing steamship rates to Europe were never as cheap as this year.

Since the cut in rates has been inaugurated the exodus from the northwest to various points in Europe has figured up a third of the traffic from New York, according to the estimates of local steamship lines, and the announcement of the last great cut in rates has started a real hegira of European-born people.

Dozens of men who said they were now out on the strike, have been making enquiries at steamship offices within the last few days, expressing their intention of returning to the "old country" in case the strike was a failure.

Further information is to the effect that the White Star line has ordered stopped the sale of prepaid tickets from Europe to America on account of the appearance of the cholera at a number of European ports. This order was received in Chicago yesterday. A curious thing about it is that New York newspapers seem not to have heard that cholera is in existence abroad.

Labor May Be at a Premium.

There are half a dozen interesting phases of the present situation in regard to ocean travel, and there is much food for thought in the depletion of the standing army of employed in this country by the return of thousands of workers to their homes abroad. It is estimated that before long labor will be at a premium instead of a discount, and there are not a few who figure on a season of prosperity as a consequence of the return to Europe of thousands, who have been in the last six months unsuccessful candidates for employment.

At the present time it is possible to go from New York to Liverpool, Queenstown, or London for \$10 on two great lines, the White Star and the American. This, of course, is a steerage rate, there being no cut in first or second cabin rates. The White Star offers to deposit passengers in Paris for \$18, and the American line will do the same for \$17.25. The American line has made a bold bid for Italian custom by offering a rate from New York, to Turin for \$23, and the railroads are offering a through ticket from Chicago to Turin, Italy, for \$39.

Men Go Back to Get Work.

Never before have rates been so low and it is small wonder that the thrifty foreigners flock to take advantage of the conditions of the present time. It is predicted that the collapse of the Debs and other strikes will precipitate a rush abroad of men who have gone out and cannot get back and of foreigners in general. Advice from abroad in the various steamship companies indicate an almost total cessation of immigration; foreigners have discouraged friends and relatives abroad from seeking work in this country.

"There is no doubt of the exodus to Europe," said one local agent. "Times are much better on the other side just now. The stream of travel is but one way, just now, outward-bound."

Another steamboat agent says that the companies which made the cut rate will lose eight to ten dollars a head on each steerage passenger transported, but that still further cuts are not unlikely, inasmuch as all the companies are bound to fight over rates. There is no general arrangement that will hold the companies.

ROBBED BY A HOTEL ROOM THIEF

Henry Hereford Lost Seven Dollars in Cash, a Gold Pen and a Check.

Sheriff Bear was up bright and early this morning hunting for a sneak thief who robbed Henry Hereford of seven dollars in money, a gold pen and a check for a trunk. Hereford arrived in the city last evening, taking a room at the Railroad hotel. This morning he discovered that some one had been in his room, taking the articles named. Suspicion at once pointed to a man named Marshall, who registered at the hotel the previous night, and who left the hotel hurriedly at 5 o'clock this morning. Sheriff Bear at once telegraphed to officers ahead of the outgoing trains, giving a description of the man Marshall. Hereford formerly lived here, but recently moved to Waukesha, and came back last evening to move his effects to his new home. He is in the insurance business.

GOOD NEWS FOR BARABOO

Railroad Shops to be Opened With an Increased Force.

Orders have been received in Baraboo for the reopening of the Northwestern shops which have been shut down for several months. Work is to be resumed at the full time of ten hours per day, but the most significant points in connection with the matter is that the Northwestern railroad has determined to keep closed the Chicago shops and to have all the work done at Baraboo and Winona. The reason assigned for this move is that the shops outside of Chicago are not under the control of the A. R. U. The proposed change undoubtedly means a large increase in the Baraboo force, and an ultimate enlargement of the shops of the Northwestern company. During the recent strike not a man in Baraboo left his post.

SADLER & HOUGHTON ASSIGN.

Milinery Firm Turns All Goods and Accounts Over to F. S. Winslow.

To meet the demands of urgent creditors Sadler & Houghton, proprietors of the milinery establishment on West Milwaukee street, made a voluntary assignment yesterday afternoon. Alderman F. S. Winslow was named as the assignee.

Mrs. Sadler places the liabilities at about \$1,000, while the assets are fully \$3,000 and she thinks they may reach \$5,000. The assignment of her husband three weeks ago brought many creditors to the front while collections have been very slow.

WHAT IS DOING IN THE STATE.

STEAMERS are laid up at LaCrosse owing to low water.

A PEARL hunter was found dead and full of bird shot near Monroe.

RINGLING will move their headquarters to Hammond, Ind., or Boston.

MARINETTE police arrested Mayor Wells of Menominee for fast driving.

CYRUS C. GIBBS of LaGrange, Walworth county, was fatally injured by a vicious bull.

The old First National hotel at Fond du Lac is a wreck, having suddenly settled about two feet and a half.

AN electric light plant may be placed at Green Lake to light the resorts and furnish power for launches. The cost will be about \$5,000.

Teachers' Institute and Examinations

The Annual Institute for the second superintendent district, Rock county, will be held in the college chapel at Milton, August 13-17. Professor J. A. James will have charge of the work and will be assisted by Miss Charlotte Richmond, of Madison, and Professor J. B. Borden, of Milton Junction. Dr. J. W. Stearns will address the Institute Monday evening, August 13. Teachers will bring manuals of the course of study, text books for reference, note books, etc. Special work will be given in physiology. The work will be graded. Examinations are appointed as follows:

Third Grade Branches—Afton, August 1, 2. Janesville, August 10, 11. Clinton, August 20, 21. Milton, August 23, 24.

Second and First Grade Branches—Janesville, September 15.

All Grades—Janesville, October 20.

Stationery furnished. Examinations begin promptly at 9 o'clock.

A Disputed Case.

Many persons dispute the question as to whether or not baldness caused either by disease or neglect can be cured. In deciding the question allow us to say that most cases can be cured, while others cannot. Only a specialist of years of experience can tell this. Professor Birkholz, the world-renowned German specialist of the Masonic Temple, Chicago, where those who desire a good head of hair or beard can consult him in private, and free of charge. After a thorough examination, which costs you nothing, we will tell you whether or not you can cure that trait of personal adornment so necessary to your existence, and if we find that the follicles are not all dead, we will treat you and guarantee the results or ask no pay. Call on address Professor Birkholz, 1011 Masonic Temple, Chicago, Ill.

Hand this notice to any first class druggist and he will get the Remedy for you at once, if he has not got it in stock.

CORN AHEAD OF OATS IN ROCK THIS YEAR.

ACREAGE OF ONE 54,404. OF ITS RIVAL 63,761.

Farmers Have Cut Down Their Tobacco Land—Figures Hard To Get in Some Towns, and All the Tables Are Not Strictly Reliable for That Reason.

Rock county agricultural statistics are valuable but are far from complete. For example, the returns just made to County Clerk McIntyre giving the number of bushels of wheat raised in the several towns in 1893, is incomplete and unreliable. Avon is credited with only 300 bushels, Center, 85 bushels, Magnolia, 100, Rock, 50, the city of Edgerton 50, Milton comes in with 6,510 bushels, Harmony, with 5,800, and Lima leads all by reporting 15,524 bushels. The town of Harmony reports 11,230 bushels of potatoes grown last year, and La Prairie is credited with producing 83,052 bushels of barley in the same year, Johnston, 75,128 bushels, and the town of Turtle takes the banner on rye, reporting 23,137 bushels raised in 1893.

The estimate of milch cows is interesting because of its incorrectness. Beloit city is credited with only 170 cows; Janesville with 169; Edgerton with 38; Clinton village has 27, while Evansville has none.

The crop acreage for 1894 is figured up as follows, from the several reports of the assessors, the figures representing acres, when not otherwise expressed:

Wheat	2,498
Tobacco	5,858
Corn	63,761
Oats	54,404
Barley	15,458
Rye	6,606
Potatoes	2,930
Root crops	36
Apples	3,847
Number of bearing trees	53,838
Strawberries	48
Raspberries	98
Blackberries	10
Currants	5
Grapes	5
Cultivated grasses	60,147
Growing timber	32,735
Number of milch cows	19,804
Value of milch cows	\$375,319

The acreage of tobacco now growing, and the number of pounds of the weed produced in 1893, will be of interest, although it is claimed by those familiar with tobacco growing that the statistics are very incorrect. The following is the report as now compiled:

	Acres	Pounds
Avon	103	14,470
Beloit	102	14,880
Bradford	5	1,000
Center	746	97,630
Clinton	43	11,800
Fulton	62	99,989
Harmony	504	42,420
Janesville	306	33,890
Johnstown	149	18,790
Lima	385	42,000
LaPrairie	5	4,600
Magnolia	354	40,010
Milton	182	19,710
Newark	137	17,160
Plymouth	424	42,420
Porter	457	50,710
Rock	465	61,500
Spring Valley	388	42,440
Turtle	26	7,670
Union	217	30,740
Evansville	13	1,370
Edgerton	62	12,079
Beloit City	18	12,260
Janesville	315	28,700

Farmers throughout the county object to furnishing the statistics as required, and frequently refuse, leaving it entirely with the assessors to estimate as they see fit. There appears no valid reason why these returns should not be made approximately correct, and thus become valuable to those interested in the development of agriculture.

SOME WELL KNOWN FACES

Wrote "Ships That Pass in the Night."

Miss Beatrice Harraden, the author of "Ships That Pass in the Night," lost the use of her right hand some time ago through entire failure of the ulnar nerve consequent upon overstrain in writing and "cello playing." She is a young woman of liberal education, as a critical examination of her writings easily dis-

covers. She has the degree of bachelor of arts from the London university and took especially high rank in mathematics and the classics. She is an ardent advocate of the higher education for woman and an earnest supporter of the right of her sex to the ballot. Miss Harraden recently came to America for her health and means to write another book while in California.

He is equally at home in any civil court, a military court martial, a maritime legal contest, an international controversy, and is, in fact, an exceptionally able "all around lawyer." He attends to the court work of the big law firm of which ex-Senator Evarts is the head and does little office work. He was born in Salem, Mass., on Jan. 24, 1832.

tion of a higher order than his detective stories indicate, but he discovered that there was more money to be made in cheap literature. He has written more than 150 "Old Sleuth" stories, and the financial results have more than justified his anticipations. His stories have netted him something over \$500,000 and produce for him an income of \$20,000 a year. He is a director in a Brooklyn trust company, and for nine years he was a member of the Brooklyn board of education.

The Rev. Henry Preserved Smith.

One of the most famous heresy cases of the decade is that of Rev. Henry P. Smith, formerly a professor in Lane Theological seminary at Cincinnati. In the fall of 1892 charges of heretical teaching were preferred against him before the presbytery at Cincinnati. The charges were sustained, and he was suspended from the exercise

of his ministry. The local board of Lane seminary supported him, and he appealed to the synod of Ohio, which, at its meeting last year, confirmed the action of the presbytery. During the past year Dr. Smith resigned his chair at Lane. He served formal notice of appeal from the synod upon Rev. Dr. Roberts, the stated clerk of the general assembly, and that body recently refused him a new trial.

DR. J'S FAST MILE BROKE A RECORD.

FASTEST WISCONSIN HEAT FOR HALF MILE TRACKS.

Pacer Who Is in the Free-For-All Here, Defeats the Field in 2:15 1-2, at Waukesha, Including Rocker, the Favorite—Sphinxetta Defeats Marks Maid—Other Race Notes.

The free-for-all pacing race at Waukesha was won yesterday by Doctor J with Shawban second, Rocker third, Susie G. fourth, FreeCoinage fifth and Telegram distanced; the best time being 2:15. All except Shawban and Susie G. are entered here and in addition the Janesville nomination include Kessell's Dallas, Charley Ford, Two Strike and Maggie B. Dr. J's 2:15 heat on the Waukesha half mile track broke the state record for half mile courses. Rocker had sold favorite in the race but had to be content with third place. Janesville's race will be paced faster as the track is a full mile, and any of the horses are liable to figure as dark ones. Charley Ford is at Detroit, and yesterday finished in seventh place in 2:13, the rain causing the race to be postponed after the first heat.

Results on Other Tracks.

George Shear won the 2:40 pace at Waukesha, with Sphinxetta, after pacing six heats, Marks Maid getting the two first heats and Loquis F. the fifth. The best time was 2:26. Marks Maid and Sphinxetta will meet in the three-year-old pacing class here Tuesday. Both were beaten in their class here last June by Ethel A., the best time being 2:17.

The 2:27 class race at Aurora was not decided after five heats yesterday and was postponed. Minnie Monroe who will go in the 2:30 class here had two heats as did also a horse named Rapid Transit who is not on the Janesville books. Silver Wing, entered in the 2:27 class here won the last heat trotted, the best time being 2:24. Minnie Monroe was here last June but the best she did was to get one second place in 2:21.

Joe Wonder, "Web" Johnson's former horse was in the Aurora free for all class but was distanced in the first heat in 2:22; pretty slow time for a free for all class. In Janesville free for all trotters will have to go five seconds faster than that to get anything.

The farmers in the Sialkot district, India, are stated to have discovered an infallible remedy for malarial fever in the shape of a group of nim trees. The patients are brought there on a cot and are made to sleep under the trees for three days and three nights, which is considered sufficient to effect the cure. The curative property of the gas emanating from the tree is recognized by several medical authorities.

M. de Witte, Russian minister of finance, and perhaps the most influential man in the empire, except the czar himself, was fifteen years ago only a station master in a village on the railroad between Kieff and Odessa. He at that time disobeyed an order relating to the forwarding of troops to Bulgaria, and was able to prove to his superiors that he had acted properly in so doing. This attracted the attention of the president of the road, M. Wychyngradski, who, upon becoming minister of finance, took the young station master with him to St. Petersburg.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

Far From the Madding Crowd.

This is what many a nervous sufferer wishes himself every day. But there will soon be no necessity to forsake the busy-sabbet somewhat noisy scenes of metropolitan life, if the nervous invalid will begin, and persist in the use of Hostetter's Stomach Bitters, which will speedily bring relief to a weak and overstrung nervous system. Day by day the body acquires vigor through the influence of this reliable tonic, and in the vitality which it diffuses through the system the nerves conspicuously share. Sleep, appetite, digestion—all these are promoted by this popular invigorant, and if they are who can doubt that the acquisition of health and nerve quietude will be speedy and complete? Constipation, biliousness, m-aria, nausea, sea sickness and cramps in the stomach yield to this remedy.

It will astonish you how quick John's Magic Oil will kill a pain. Sold at Smith's pharmacy: 25 and 50 cent.

CONGRESSIONAL CONVENTION.

A republican convention for the First congressional district of Wisconsin will be held at the city hall in the city of Racine, Tuesday, July 24, 1894, at 10 o'clock a. m., for the purpose of placing in nomination a candidate for congress, electing a congressional committee and the transacting of any other business that may properly come before the convention.

The several counties in the district will be entitled to representation by delegates as follows: Green, 5; Kenosha, 3; La Fayette, 5; Racine, 8; Rock, 12; Walworth, 8. L. H. PARKER, Chairman Republican Congressional Com. Beloit, Wis., June 14, 1894.

THIS DAY IN HISTORY

330 B. C.—Darius Codomanus, of Darius III, last of the original line of Persian kings flying from Alexander the Great, was murdered.

1001—Pope Nicholas II died.

1796—Robert Burns, poet of Scotland, died at Dumfries; born near Ayr, 1739.

1884—Collision off Cape Finisterre between Laxhorn and Gijon; 130 lives lost.

1888—Charles Theodore Eugene Duclerc, senator and former premier of France, died in Paris; born 1813.

1893—Rear Admiral Melancthon Smith, U. S. N., retired, died at Green Bay, Wis.; born 1810.

DON'T BOOST THE TRUST

In the fight now being waged in congress the great majority of the republicans stand out for free sugar, refined as well as raw. They are with the democrats of the house on this question, and the president seems to be on their side. Undoubtedly the people are back of them. All sorts of sugar should be on the free list. When the republicans took the duty off raw sugar they at the same time narrowed the margin of protection for the refiners, but they ought not to have left any margin at all. It is true there was a little competition still remaining in the refining business at that time, 1890, but that has been abolished since by the absorption of the outside refineries by the trust. No favors, therefore, should be allowed the refiners now. All sugar ought to be on the free list, but if it be made dutiable the duty should be the same for all varieties. Give no bonus to the trust.

QUITE A TOWN IS LONDON.

London is growing as fast as ever, but a recent English writer maintains that the expansion can not continue much longer. The tendency of the Suez Canal is to build up a number of European seaports at the expense of London and England has ceased to hold her old place in manufacturing. Ship building has declined on the Thames, and there are no beds of iron and coal near London. On the other hand, the births in London exceed the deaths by more than 40,000 a year, and some of the prophets think the rows of houses eventually will be continuous all the way from London to Brighton and Birmingham. Statistics as yet do not indicate any falling off in the yearly additions to the great metropolis.

In providing sterilized milk at cost for babies in New York the philanthropic Nathan Strauss has incidentally popularized sterilized milk as a general beverage. It is sold now at several stations in the lower parks at one cent a glass, and over 500,000 glasses are disposed of daily to people of all degrees. The milk is sterilized at a temperature of 180 degrees, which does not impair its flavor in the least. It is then iced and neatly served.

The fruit prophet has retired for the season and the fruit statistician to whom he gives place is not particularly hopeful. He places the peach crop at one-fourth and the apple crop at less than one-half the average. A half crop of apples, however, is no small item, and will be very acceptable after the almost total failure of last year.

More than eleven months have elapsed since Congress met in extra session, and the tariff bill is not passed yet. This is a record of shiftlessness and incapacity on the part of democracy almost without precedent.

It may be all right to let New Mexico have statehood, but Arizona ought to be kept in the territorial stage a few years longer. The former had 153,000 inhabitants in 1891, while the latter had a little less than 60,000.

Last year at this time the treasury had about \$99,000,000 net gold, and at the same date in 1892 it had \$111,000,000, while now it has only \$65,000,000.

What is the democratic party good for anyway? It can't even pass a tariff bill.

Trouble Has Been Settled.

VAN WERT, Ohio, July 21.—The trouble that had been brewing for two months between the officials and trainmen of the Mackinaw road has been settled and there will be no strike. A new schedule has been agreed upon which is highly satisfactory to all concerned. The new schedule goes into effect Aug. 1.

Evidence Against Wreckers.

WOODLAND, Cal., July 21.—The preliminary examination of the five men charged with murder in connection with the train wreck at the trestle west of Sacramento was resumed yesterday. No evidence connecting the prisoners with the wreck was introduced.

Alabama Troops Shot At.

BIRMINGHAM, Ala., July 21.—At Pratt mines last night unknown men approached the slopes where the soldiers were stationed and fired upon them. The sentinels around the camp in the city where the First regiment is camped were assaulted with stones.

Massing the Regulars at Butte.

BUTTE, Mont., July 21.—Seven companies of troops will be mobilized here to-morrow. Serious trouble is expected, as Butte is the stronghold of organized labor in the northwest and sympathy for the strikers is general.

AGREE TO PAY \$1,000 TO BE RID OF CARS.

MAIN STREET MERCHANTS
WANT THE LINE MOVED.

The Trolleys Scare Horses, They Say, and Cause People To Be Afraid To Stop—Forbes Sentenced to a Year in Waupun—Street Car Accident.

ONE thousand dollars has been promised to Superintendent Proudfoot by a committee of South Main street business men if he will take the electric cars off that street between Court and Milwaukee. The complaint is that trade is driven off the street by the cars, that people do not like to drive up in front of stores while cars are passing and that farmers go on other streets to hitch. The change suggested was that the Main street cars switch off at the opera house corner, run on South Bluff to Court and down Court to Main. "The interest on \$1000 wouldn't pay for the coal which that extra hill-climbing would require," said Superintendent Proudfoot. "If you will give \$1000 and the River street people will give their share, however, I will run the Main street cars around on River street and over the lower bridge to the junction with the Main street line. That would leave the business part of Main street unencumbered." The proposition did not meet with general favor, and no change is likely.

THOSE "Columbia" cigars which C. S. Grote received a case of yesterday, are manufactured in Columbia, Clark county, Wis., are an excellent representation of the new town. The cigars speak in the highest of terms about Columbia being all Havana filled and as good a five cent cigar as one wants to smoke. Columbia's production of cigars is as good as any one might desire.

MRS. GILLMAN of St. Paul, and Miss Porter of Porter, were slightly injured last evening by being thrown from their buggy on Washington street. Their horse took fright at the approach of a street car and became unmanageable. The buggy collided with the car, the horse breaking loose leaving the ladies in the gutter and the buggy in a badly wrecked condition.

The Highland House Is New.

The Highland House is now one of the most inviting hotels in the city. Jacob Snyder, the landlord, has taken hold of it in a way that assures success. Being an old hotel man, Mr. Snyder comes pretty near knowing what is necessary for Janesville and the surrounding country. He has had the hotel papered, painted and renovated throughout and the appearance now presented is very inviting. The dining room and table are second to none. Everything one desires to eat can always be found there, and always prepared in the most edible style. In fact, everything is now in tip top shape. The barn, where fifty horses can be accommodated, has been thoroughly cleaned, and horsemen and farmers will find there one of the most desirable and convenient barns in the city. Mr. Snyder's main object is to please the people, and from the way he has started out there is no doubt of his success as landlord of the Highland House.

HE LOVED THE WIFE OF A NAVY CAPTAIN.

JANESVILLE SALOONIST IN A
LONDON COURT.

Summons Served Upon Walter Lighthizer To Appear Before the Queen's High Tribunal and Answer Captain Vivian's Accusations—Detectives at Work Several Years.

Walter Lighthizer, a former Janesville man, and Emily Emma Vivian, once a clairvoyant here, are central figures in a British romance.

It crops out in Milwaukee. Mrs. Vivian is the wife of an English naval captain, and is a tall, handsome woman with fair hair. Lighthizer ran a saloon in the Bower City some time ago and tried to revolutionize things by selling two glasses of beer for a nickel. The quantity was too great. A man who spent a quarter got enough in him to insure the liveliest kind of a fight, and quarters were numerous on Academy street in those days. The license for Lighthizer's place was revoked, and shortly after he disappeared. With him there went Mrs. Vivian, who had been telling fortunes for credulous people. Nobody in Janesville knew she was the wife of Captain Joseph Shillaber Vivian, of the British navy. She deserted her husband six years ago, and soon after crossing the Atlantic halted here.

When Lighthizer and Mrs. Vivian left Janesville they went to Milwaukee and came back here but once. Then they had to jump a train in great haste to dodge Sheriff Babcock. Mrs. Lighthizer, who had been left behind with two bright little boys, one of them the special delivery messenger in the postoffice, was trying to get a divorce. She placed papers in the sheriff's hands the day her husband showed up, but it was finally necessary to make a trip to Milwaukee to secure service. Lighthizer made no defense and the decree was granted with \$15 a month alimony.

English Divorce Now Sought. It is another divorce case, in which Mrs. Vivian is most directly interested, that is on the carpet now. Captain Vivian charges adultery in the complaint of the divorce proceedings and has for several years had detectives employed on the case collecting evidence which would free him from his wife, who is alleged to have deserted him six years ago. Captain Vivian is well-to-do and is said to have spent much money in a search for his wife.

The documents laid before Lighthizer in Milwaukee yesterday bore the seal of Great Britain and were marked: "Victoria, by the Grace of God, of Great Britain and Ireland, Queen, defender of faith, to Walter Lighthizer, 510 Wells street, Milwaukee, Wis. U. S. A. Greeting."

Detective Has Been Tracking Her. The complaint showed plainly that Mrs. Vivian's movements while in this city and in Milwaukee had been very closely watched and specifically stated every detail of her movements. It informed Lighthizer, the correspondent, that Captain Vivian of 27 Knowle road, Brixton, in the county of Surrey, England, had begun suit for a divorce and demanded that the correspondent appear in London to defend himself in the action.

Back of the story of serving the papers is a tale of the desertion of a wife and the persistence of a wronged husband to free himself. As has been stated Captain Vivian is in the queen's navy, and when, about six years ago, he returned from one of his trips, which took him away from home, he found that his wife had left. Desertion is not sufficient ground to obtain a divorce in England. The laws there in relation to divorces are very stringent. The captain resolved to be freed from his wife and having means at his command engaged a detective to trace her. About a year ago Mrs. Vivian was located in Milwaukee and from a report of the detective suit for divorce has been begun on the charge of adultery.

May Take a Trip to England. Mrs. Vivian lived at 61 South River street while in this city. At one time Lighthizer tried to pass her off as his sister. He claims to have met her in Canada about five years ago. Four years ago she moved to Milwaukee from Janesville and lived at 174 Seventh street. Later she moved to Sixth street, between Grand avenue and Wells street, and hung out the sign "Clairvoyant." After she left the house on Sixth street she moved to Grand avenue and later to Reed street, near Oregon street.

Lighthizer was asked last night if he intended to take any steps in the case and said: "I suppose I'll have to do something. I have consulted an attorney and have been informed that requisition papers can be secured to compel me to pay my way there. Captain Vivian has money and will push matters, I suppose. About a year ago a detective came to me and asked for information in relation to Mrs. Vivian, but I gave him none. I haven't fully decided just yet what to do and will have to consult my attorney."

An Explanation. We were forced to keep our store open a little after 6 o'clock last evening on account of the demand for those \$7 suits we are selling. We could not put customers out until they bought. We hope our competitors will excuse us as we will try to close earlier, if we have no customers when 6 strikes.

BOUGHT THE STRATTON STOCK.
Which Will Be Sold At Once Regardless Of Cost.

George L. and Sarah H. Carrington have bought the stock of goods, consisting of paint, wall paper, pictures, mouldings, house decorations, etc., which formerly belonged to George I. Stratton. They did not buy it to keep, but to sell and in accordance they have opened the doors of the store at No. 9 South Main street, where they will welcome all who desire to purchase anything in the stock at lower prices than ever quoted on such goods. The stock is all first class and well selected as Mr. Stratton is a thorough master of the business, and bought nothing but the best. All the new shades and designs of wall paper can be found there, also some of the finest pictures one cares to look at. In the moulding department every piece is superb, and as the prices are away below anyone's conception it will not be hard to decorate your homes at a very small expense. It is but seldom that an opportunity of this kind presents itself. The price paid for the stock was much less than it is really worth, and that fact alone should make it sell readily, as the owners will not endeavor to make a fancy profit. The store is now open, and will remain so until every article is sold; and those who take advantage of this sale will find it to their advantage. Even if you do not care to buy, it will do you no harm to look, as you may possibly find something of interest there, and that which will pay you for your trouble. Remember the number is 9 South Main street, and the goods are for sale.

SCOTS WILL MEET ON THE FIELD
Grand Gala Day at Janesville, Friday August 10—Programme of Games.

The annual Scotch games under the management of the Rock County Caledonia society will be held on the fair grounds Friday August 10, and the high reputation which the society holds, coupled with the most attractive program which they offer insure an enormous gathering. Last year about 4000 people were present and a still larger number is confidently expected this time.

In addition to the usual program of running, jumping, throwing the hammer, bicycle races, Highland dancing, bagpipe playing, etc., the committee this year have introduced several novelties such as "tilting at the ring" on horseback, taken from the old English sports illustrative of the time of the crusades. In wrestling Evan Lewis, the champion will endeavor to maintain his reputation by throwing all comers in "catch as catch can" and also in "Cornish" wrestling. The program is full of first class attractions, and several of the leading prize winners at the World's Fair games last year have signified their intention to be present. Weather permitting, a most enjoyable and successful gathering is assured.

HANSON FACTORY WILL RUN.
Orders Enough On Hand To Insure a Steady Operation of the Plant.

New Fall Goods Coming.

The firm of Bort, Bailey & Co. are receiving from day to day new lots of stuff for fall use. They are the first in the market with new goods, and never was a firm in better shape to secure business than this firm.

By their persistent efforts they have reduced their stock to the very lowest ebb. New goods are to-day fully twenty-five per cent cheaper all along the line than a year ago, and this firm are bringing in the new stuff at the low prices. Every day adds some new, fresh item, and persons desiring to avail themselves of best values and newest styles, will do well to see what they have to offer.

Sunday Will Be Nice and Warm.
Forecast: Sunday fair and warmer.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:
7 a. m. . . 59 above.
1 p. m. . . 78 above.
Max. . . 80 above.
Min. . . 49 above.
Wind, north.

NEW FACTORY COMES TO SPRING BROOK.

PREPARED FOOD TO BE MADE
BY LONG BROTHERS.

Milwaukee Firm Have Leased the Large Factory Building in Crown Addition, and Will Employ Thirty Hands From the First—A Three-Years' Contract Has Been Made.

Long Brothers of Milwaukee have taken a lease of the large factory building in Crown Addition, Spring Brook, and will take possession August 1. The Long Brothers have made a number of visits to Janesville lately, looking for a site for the establishment of a food factory, they manufacturing many kinds of prepared food. Their lease is for three years, with the privilege of purchasing the property. The gentlemen will move their families to Janesville. A large number of hands will be constantly employed by them, it being estimated that upwards of thirty will find employment in this new industry from the start. The firm comes here with the highest recommendation.

Fancy Prices Out of Date.

People don't pay fancy prices nowadays. The merchant who sells the best for the least money is the one who will be patronized. This is clearly demonstrated at Brown Bros. & Lincoln's. They are fortunate enough to have plenty of cash, and take advantage of others' misfortunes. The stock of shoes they just received from Michigan is one of the cleanest stocks ever brought to the city. They bought it at fifty-five cents on the dollar. It is not necessary to say one can save money by buying shoes there, and big money at that, and get just as fine shoes as others charge double for.

Frank Maine Laid to Rest.

Do You Know Sanspareil?

Read the following and you will understand more about it.

NEW YORK CITY, Oct. 5, 1879.

To Whom It May Concern:

After forty years of successful practice in this city and realizing that my work is done, I want to make the following statement concerning the secret of my success. Many who read this statement will remember that I frequently said that I would give \$100 for any case of rheumatism that I could not cure. I was equally successful in treating inflammation and diphtheria. These cures were always effected by the use of a liniment that I prepared myself. I was offered at one time \$7,000 for the formula. Its absorbing qualities surpass anything I have ever seen and it will cure rheumatism, neuralgia, tumors, inflammation of various kinds, sprains and bruises on both man and beast like magic. I shall bequeath it with a small legacy to my grandson, Wilbur F. Regus, and hope that he will some day put it on the market. This is Sanspareil.

BROWN BROS & LINCOLN.

Their Great Michigan Shoe Stock Sale Now on Filled With Bargains.

We have just bought a gross of twenty-five cent blacking-brushes. We want to sell them. Ten cents will buy them. The sale will be limited to one brush. Brown Bros. & Lincoln.

Sweat and Swear.

There is a science in blacking shoes. A good blacking and brush are very essential to satisfactory results. We have them both. Our price on the B. C. blacking to include a twenty-five cent brush will be twenty cents. With this outfit you need not become overheated, the morals of the children will not be endangered by any improper language, and Brown Bros. & Lincoln will be remembered as the bargain hunters' best friend.

That Michigan stock of shoes bought by Brown Bros. & Lincoln is proving to be a perfect bonanza. The stock had only been in existence less than two years and the goods are all brand new. They secured this wonderful bargain at 55 cents on the dollar. You can easily figure out how desperately low the price was. A shoe, the Michigan man paid \$2 for, cost Brown Bros. & Lincoln only \$1.10. They could easily sell you for \$1.50 making a good profit and you would be buying them less than the cost to manufacture.

The party we bought the Michigan stock of told Mr. Lincoln, after completing the sale just how many hundred dollars he had lost in the transaction. His misfortune can be made a money saving opportunity for you. He sold the stock awful low and we are willing to give you the benefit of our purchase. No house on earth can can quote you a price to compare with the figures we have put on these goods. They are not a lot of old plunder, the accumulation of many years, but nice new stuff purchased only of reliable houses by an experienced shoe man. Come in and call for Michigan stock. Brown Bros. & Lincoln.

Boys' Tennis Oxfords from at 40 cents. Brown Bros. & Lincoln.

Twenty-Five Cents.

Woman's Serge house slippers from the Michigan stock. Brown Bros. & Lincoln.

The country saving shower is only to be compared with the money saving shoesale now on at Brown Bros. & Lincoln. They are determined to do a certain amount of business in July and August and to accomplish their purpose a deep cut has been made in all regular lines and any of the Hall & Hansen stock that may be left and all the Michigan stock will be sold at about half the regular price. Don't delay, come early while the sizes are full.

We have about 60 pair of men's fine shoes in the Michigan stock, that Mr. Codman sold for \$1.50 a pair. We put them in this sale at 95 cents. We guarantee them equal to any \$1.50 shoe in the city. You can easily figure what you are saving. Brown Bros. & Lincoln.

Ladies regular \$3 shoes out of that Michigan stock go at \$2 and the \$2 line at \$1.50. It don't require a graduate of a state university to determine what you are saving. Brown Bros. & Lincoln.

We have a line of Woman's spring heel shoes made with patent leather tips, Goodyear welt, a regular \$2.50 line we put them in this sale at even \$2. They come C and D wide, 2 1/2 to 4 sizes. We are determined to save you on every article we sell. Brown Bros. & Lincoln.

We will sell you the genuine Goodyear glove, extra light weight hunting boots, recognized the perfection of rubber boots. We put them out at \$4. Every pair is fully warranted. We have an old stock, all bought this season. You can save a dollar by buying at this sale. Brown Bros. & Lincoln.

Bread-winner is the name of our \$2 shoe. It is a magnificent specimen of fine shoe-making. We guarantee them to equal any \$3 shoe on this market. A printed warrant with every pair. Brown Bros. & Lincoln.

No empty boxes in ours. Every case chuck full. Brown Bros. & Lincoln.

We have no complaint to make these hot days. Busy people have no

time for grievances. The idle merchant, the walking delegate is the calamity howler. We are working for your interest and our own. We have a money-saving method of buying. No secret. We watch the trade and when we find a nice clean stock of goods and the owner short of cash we go to the rescue. Our dollars are exchanged for his goods and we share with you our profits. Do you understand? Brown Bros. & Lincoln.

We have a complete repairing establishment connected with our store. Prompt service, good work and moderate charges will be our motto. We want to do your repairing. Brown Bros. & Lincoln.

Children's shoes till you can't rest. Our Michigan stock was loaded with this class of goods. Great place for youngsters over there. We want to close them out before the fall trade begins, and will cut the regular price regardless of cost or value. Brown Bros. & Lincoln.

THE CORPSE WAS DRY.

Wanted Some Beer and Asked for It on the Spot.

A few days ago a man died near San Fernando, Cal., and his friends decided to hold a wake. The corpse was stretched on a bench and covered with a cloth. After the parties had sat around the body for a couple of hours it occurred to them that a bucket of beer would not be amiss, and one of the boys went out to get the cheering beverage. As soon as he was gone his friends removed the body to another room, and one of the wakers, with awful levity, stretched himself on the bench, and assuming the rigidity of a dead man allowed himself to be covered with the cloth. At this juncture an old lady and an old man entered the room for the purpose of helping to watch the body and probably also to help drink the beer. On returning the messenger placed the foaming stuff on the table and proceeded to dip it out to the crowd. Suddenly the supposed corpse raised himself stiffly on the bench, and said, "Ow! ow! ow! but I want some of that meself!"

This was sufficient to set off the poor uninitiated fellow who had brought the beer and he jumped through the window with an unearthly yell, carrying away him sash and glass in his hurry. The old man made for the window at a 1:25 gait and got clear away. The old lady bolted for the same place of exit, but fainter near the window sill while the cold sweat broke out over her wrinkled brow. The old man and his wife have since recovered, but they can not be prevailed upon to attend another wake. As for the beer carrier, he has not been heard from since and is believed to have gone to Arizona.

DUTY BEFORE DELICACY.

How a Philadelphia Officer Saved a Girl's Life.

The other day a Philadelphia policeman was torn sadly by a conflict between modesty and duty. At the South street bathhouse there are "male" and "female" days, and this day was of the latter sort. The bathhouse was filled with such naiads as Philadelphia can produce. Not one of them was dressed—even in a lace collar. Now, the floor of the natatorium is an inclined plane, and a little girl tumbled into a place too deep for her, and was in imminent danger of drowning. Of course, when such a crisis came, the ladies could only wring their hands and scream for help. The policeman heard that scream. For an instant he meditated. Modesty caught him by the coat tail and shrieked: "Bah! shame!" and had she been classical would have spoken of the fate of Actaeon. Duty caught him by the collar, said little, but gave him a raise up to the bathhouse window, and then, with a coup de pied, sent him head first in among the pink beauties, who shrunk, yet feared to fly. They pointed to the spot where little Mary Wilson had sunk "for the third time," and in he plunged boldly, regardless of all save virtue and his duty. The child was saved, and when the life saver looked up he saw but retreating forms and dipping heads—the latter protruding from, the former just entering, the bathing rooms.

LINCOLN FELT LOWLY.

And Thought the Country Degenerated to Call Him.

W. W. Danenhower, the father of Lieut. Danenhower of arctic fame, who died the other day, up to the day of his death preserved in a little glass-covered frame a brief note, written to him by Lincoln on the day of his first inauguration, March 4, 1861. Danenhower, who was a close friend of Lincoln, had called to see him that morning, and admittance had been refused him. The President, hearing of it, in spite of his many cares, took time to pen a note of apology, telling his friend not to think he was "putting on airs" because he was "in the white house," and asking him to call again, and he would see that he was admitted. Danenhower, according to the Philadelphia Record, was the first to announce to Lincoln the decision of the national convention committee of conference to recommend Lincoln to the national convention. Lincoln's look of surprise, he said, was genuine. He laughed, a deep inward ripple, and dropping his hands and removing his legs from a table before which he was seated, he arose and paced the room, saying: "Why, Danenhower, this shows how political parties are degenerating. You and I can remember when we thought no one was fit for the Presidency but Henry Clay. Now you are seriously considering me for the position. It's absurd."

The Coat Fitted.

A few days ago, while a gentleman was buying stamps at the Boston post-office, some one took his umbrella, as he believes, by mistake, and the loser put this card in the morning paper: "The kind friend who carried off my umbrella at the post-office yesterday, will bear in mind that the 'Gates of Heaven' are only twenty-four inches wide. My umbrella measures twenty-eight inches. At the other place he won't need it. Didn't Dives pray for just one drop of water? He had better return it to 208, chamber of commerce, and no questions will be asked." A few days later a boy brought in an umbrella, but, alas! not the advertiser's. He had caught the wrong man's conscience.

Appropriate Names.

In looking over an old dictionary, a curious gentleman found the following names, than which it would be difficult to imagine any more admirably adapted to the professions or trades of the persons by whom they were borne: Dunn, a tailor; Gibley, Mutton and Bull, butchers; Truefit, a wig-maker; Cutmore, an eating-house keeper; Boilit, a fishmonger; Rackem, an attorney; Whippy, a saddler; Breadcut, a baker; Coldman, an undertaker; Wicks, a tallow-chandler; and Bringlow, an apothecary.

His Money's Worth.

The minister of a certain Highland parish arrived at the church one stormy Sabbath to find that only one worshiper had braved the elements. Anxious to propitiate him the minister asked: "Shall I go on with the sermon, John?" John, gruffly—Of course. The minister got up into the pulpit, and leaning over the book-board, inquired of John: "Shall I give you the Gaelic sermon or the English one?" John, more gruffly—Gie's baith; ye're weel paid for't.

The Bacillus of the Influenza.

The microbe of the "grip" otherwise the "influenza bacillus," was discovered by Dr. Canon of Vienna, who first detected it in the blood of one of his patients. It is a curiously shaped organism, many times smaller than the microbe of any other known germ disease, and was only revealed to the human eye by using a microscope with a magnifying power of over 1,000 diameters.

Eugenie's Memories.

The ex-Empress Eugenie has been engaged on her memoirs for many years. As soon as a page is written it is placed under lock and key, and not even her most intimate friends ever see it. The work is not to be published until twenty-five years after her death. The ex-empress uses in writing a penholder which is ornamented with diamonds. It was used by the fourteen representatives in signing the treaty of the peace of Paris in 1866, and was given to the ex-empress as a memento.

A RECORD

of cures such as no other medicine can boast of, has been won during the past 25 years by Dr. Pierce's Golden Medical Discovery.

The worst forms of Scrofula, Salt-rheum, Tetter, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, Tumors and Swellings, are cured by it.

Mrs. JOHN G. FOSTER, of 35 Chapin Street, Cambridge, N.Y., says: "I was troubled with eczema, or salt-rheum, seven years. I doctored with a number of our home physicians, also with Rochester, New York, and Philadelphia doctors, and received no benefit. I paid out hundreds of dollars to no purpose. I have taken ten bottles of the 'Discovery' and am entirely cured."
